Employment Standards

Hiring requirements:

- Individuals should have manual dexterity and should be able to withstand the sun/heat, insects (bees etc.).
- **First day of employment you must bring** the following: State ID Card, Driver License or school ID, report card or Passport and certified birth certificate, social security card or green card(if applicable).
- Must be at least 16 yrs. for weed whipping position. Picker packager 14 yrs. or older (13 yrs. of age w/permission).
- **Must be available to work Monday through Friday.** (Start 7:30 or 8:00 am – 1:30 - 2:00 pm, depending on contracts needed to be filled) and no weekends. Reliable transportation is required.

Attendance/Working Hours:

- Part-time summer employment only from approximately (July 1 – August 15). Note: this is an approximation; picking will start when fruit is ripe. **Employment is dependent on fruit crop production.** Scheduled days and hours will be arranged daily. (Normally 7:30 or 8:00 am – 1:30 or 2:00 pm) No weekends.
- If for any reason you are not able to make the agreed to day and time, notification must be made prior to your scheduled working time, or you will no longer be employed here. **(Notification must be made by phone).**
- We have daily time sheets (you must sign in and out, and when taking a lunch break).
- Expect to work a maximum of up to six (6) hours each day and five (5) days a week, this will vary depending on when berries are ripe and contracts to be filled.
- Potential opportunities for picking up extra time if we need additional berries picked.

Right-to-Know Training Requirements: (Employees will be paid for this training time)

- All employees must go through two-hours of training prior to employment. This will include Employment posters, Safety training, and Minnesota's paid plans, Safety tape presentation and Chemical Awareness (**employees will not be using chemicals**) however, we are required to cover this training because this farm uses chemicals in our apple orchard. Training may take place at the end of June, depending on fruit picking date.

Picking Expectations:

- Each employee is expected to pick at least seven (7) pints of blueberries each hour. You will be given three+ days to get your production to this point (this is only when the berries are plentiful). If after three or more days your picking is substandard and well below the required seven (7) pints your employment may be terminated.

Wage Requirements:

- Wages are (agriculture wage), \$11.41/hour for picker/packager (This is based on pints picked at the 7 pints minimum per hour picked) The training wage (\$9.31) will be paid until the employee has reached and maintains the 7 pints per hour minimum per average each day.
- Wage for Weed whipper/pruner \$16.00/hr.
- Employees are not paid for lunchtime.
- Required Training (2+) hours paid at the training wage (\$9.31).

Other

- **Employees must bring a water bottle with them each day.** Water is available to re-fill the water bottles. **(Employees are not allowed to share water bottles).**
- **Employees must bring a lunch with them each day and take the required 30-minute lunch.**
- Each employee should have sun protection, if the sun is an issue. (This is the employees' responsibility)
- Bug spray is provided, for those that wish to use it.

Safety/Wellness

- If employees are sick, they are to remain at home, notifying employer of the situation.
- Before picking berries, after using restroom, or eating lunch, all employees must wash their hands. **(Washing station is available and must be used.)**

Termination (grounds for immediate termination)

- Any information falsely stated on employment application.
- Employee picking production is regularly under the required seven (7) pints per hour.
- Employee not notifying employer (phone call) and not showing up for work.
- Employee not following the employment standards.
- Harassment (employees or customers) or other unacceptable behavior.

We are somewhat flexible with the schedule, however if you are going to be gone for more than a week, please do not apply. Our fruit is only here from July through approximately mid-August and we need employees that are going to be available during that time. Thank you.
